

# DONATION FORM

Singapore Cord Blood Bank (SCBB) is Singapore’s only cord blood bank that provides a comprehensive cord blood banking service, including public cord blood donation and family banking. Established since 2005, SCBB has been saving lives by helping patients who require stem cell transplants find suitable cord blood units within its national inventory.

Donations made to SCBB will be used for its public awareness and outreach programmes to expectant parents to donate their newborn’s cord blood unit. It will also be used to fund the cost of the collection, processing and maintenance of its public inventory.
